PERSONAL LIFE OF HARD OF HEARING

IVSS Churchear Regional Conference 2019 in Trelleborg 6th–8th September

IVSS Churchear invites you to a regional conference with interesting lecturers and exciting encounters. Our conference theme this time is: **"Personal lifestories of Hard of hearing"**

Welcome to a regional conference between the international conferences. We meet at a conference place near the sea, called Nybrostrand. To make it possible for all to attend, this is a low budget conference. The lectures are led by board members, who share their personal stories, and some local persons. The board, and some family members do the cooking, and the accommodation is hostel standard. There will be workshops as well as lectures that is giving us the opportunity to exchange our experiences, learn from each other and get a renewed inspiration for our daily work.

And, not the least, we will come together with all our accumulated experience from being fellow wanderers together with hearing impaired members of our churches. Some of us are hard of hearing ourselves; others are hearing well. All of us have something to learn from each other. We therefore have, as always, emphasised on having time for encounters and exchange of experience. If you are not yet a member of IVSS Churchear, you are welcome to apply for a membership. And if you are simply curious wishing to attend our conference, you are most welcome as well.
