The 22nd International Conference for Pastoral Care among Hard of Hearing

... WHO HAS EARS ...

BUILDING GOOD FELLOWSHIPS

Bilingual (English and German) conference with hearing aid-assisting systems and typing interpretation

**The Swedish Church
 Frankfurt (Main), Germany, August 24th–27th 2026**

„... **who has ears, let him hear**” refers to the parable of the Sower in the Gospel according to St. Matthew.

What about working with the hard of hearing? Where do our seeds fall? Do they bear much fruit? Or is our work a tedious one? Are we able to reach many others? And still: Every little seed can make success. We may see and recognise every seed, every fruit in THE SMALL.

Allow yourself to be taken along, whether as a Sower, or as a seed or a fruit into the Workshops, into the presentations and into a field excursion.

A warm invitation to our conference, to meet each other and to build fellowships.

Katharina Nitschke
 President, IVSS Churchear
